\*3 Only a ø2.5mm pin jack is connectable.

## System Diagram

\* Not compatible with KX-TE Series PBX.

## FUNCTIONS

### Call Forwarding / Do Not Disturb

Smoothly execute the Call Forwarding function. You can also block calls when you're busy.

### Conference

Establish a multi-party conversation. Convenient for a small meeting.

### Auto Answer / Mute

Make it possible to respond to incoming calls or mute the microphone by one touch. Never miss an important call even when tied up with work.

### Auto Dial / Store

Lets you make a call to the number assigned to the Speed Dial Number in just a few steps. Save time and effort by registering frequently called numbers.

### 16 characters x 1 line LCD

The LCD display with 1 line 16 characters is easy-to-read and shows the information clearly.

### Message

Even when the dialled extension is busy, or there is no answer, you can leave a message-waiting indication. You can also call back to the party who left the message-waiting indication with this button.

### Message / Ringer Lamp

A large, easy-to-see lamp indicates visually that there is an incoming call or a message.

### Programmable Keys with Dual Colour LED

Enjoy one-touch operation of features such as Direct Station Selection (DSS), Log-In/Log-Out, or voice mail transfer. The buttons are programmable and have a dual-colour LED that shows line status, extension status (BLF).

### Speaker phone

Enable to dial or talk without picking up the handset. As you can talk while using both hands, work efficiency will be improved.

### Navigator Key

Helps adjust the volume and the display contrast quickly. Also used to select desired items for each function.

\* Available in White & Black Colour

### Important

- Safety Precaution: carefully read the Important Information leaflet/Quick Reference Guide before using this product.
